

Rule 2016

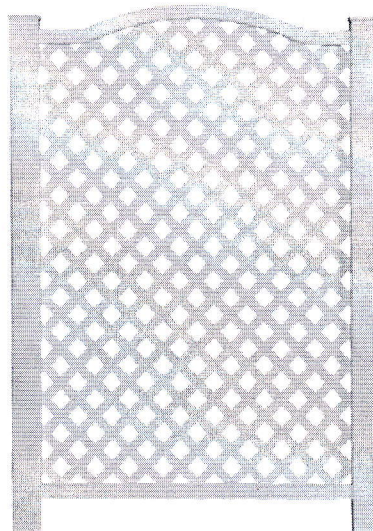

Subject: Privacy Screen

- No privacy screen shall be constructed on any lot until the Lot Owner has filed a request for approval from the Architectural Review Committee (ARC) and the request has been approved by the ARC.
- As an example, the Freedom Grab&Go Vinyl/Polyresin outdoor privacy screen is approved for use in creating an "L" shaped structure to create the concealment area. (Available at Lowe's)
- Screen sections must be painted the same color as the base of the home.
- One section of the privacy screen shall protrude from the side of the home, then two screen sections will run perpendicular to the home.
- The concealment area must be placed on the side of the home. The privacy screen cannot come off the front of the home.
- Examples of uses may include; concealment of waste receptacles, yard waste or trash cans, generators, pool equipment, and well/pump equipment.
